OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 10 May 1960

25X1 1. [] DD/P's office advised that the Director was to see Senator Lyndon Johnson at 3:00 P.M. on 10 May. He was accompanied by Mr. Lundahl, PIC. Also present were: William Macomber, Senator Johnson, Kenneth Belieu, George Ready (Senator's staff), and Miss Mary Margaret Wiley (Secretary). Mr. Lundahl's impression was that Senator Johnson was shaken by the demonstration of the intelligence product of the plane activity and commented that a man's decisions were only as good as the intelligence he has. Mr. Lundahl felt that the Senator was quite favorably impressed. The Senator and the Director began to talk about further strategy and Mr. Lundahl was excused.

25X1 2. [] Bob Smart, Chief Counsel for House Armed Services Committee, called to say that Mr. Kilday would like for the Director to meet with the CIA Subcommittee tomorrow at 10:00 A.M. to brief them on the U-2 incident. After checking this with the Director, this time was confirmed with Mr. Smart.

25X1 3. [] Delivered to George Murphy, staff member on the Joint Committee on Atomic Energy, an OSI Research Aid entitled "Table of Soviet Research Reactors". I discussed with Murphy the hearings which have been scheduled by the Committee on 17-19 May on the Atomic Energy Commission's "Omnibus" Bill and the Coast Guard bill on Restricted Data clearances. Murphy informally agreed with our proposal to write the Chairman of the Committee indicating our interest in these measures and possibly appearing before the Committee if desired. A letter on this subject is being prepared.

25X1 4. [] Returned to William Lowell, on the Senate Internal Security Subcommittee staff, his copy of Part 2 of the hearings on "The Communist Threat to the United States Through the Caribbean".

6. [REDACTED] Delivered to David Martin, in Senator Thomas Dodd's office, unclassified material collected by FDD and CA staff on unrest in the Soviet Union and Bloc countries. Martin indicated that in view of other priority items, the Senator's speech on this subject would be deferred for a time. He was most appreciative of this material however.
